

L.A. COUNTY MEASURE H
REAL HELP. LASTING CHANGE.

CHRISTINE MARGIOTTA

Appointed by Supervisor Sheila Kuehl, Third District

Christine Margiotta is the Executive Director of Social Venture Partners Los Angeles, a venture philanthropy nonprofit that invests in emerging organizations and leaders to create a more thriving and just Los Angeles.

She has dedicated her career to harnessing the collective power of Angelenos to create unprecedented large-scale change. For more than 15 years, she has leveraged a blend of collective impact, grantmaking, community engagement, and policy change to create progress on a wide range of issues, including homelessness, education, racial and economic justice, and LGBTQ rights.

Prior to joining Social Venture Partner, Margiotta was the vice president of community impact at United Way of Greater LA, where she led the strategic implementation of their mission to create pathways out of poverty. She designed, launched, and directed Home For Good, the region's initiative to end homelessness. Home For Good cultivated the collaboration of over 200 cross-sector leaders and leveraged over \$1 billion in resources to house 35,000+ of the most vulnerable Angelenos.

Her team led the collaborative creation of the Coordinated Entry System in Los Angeles County, a groundbreaking system built by front-line staff that is now replicated across the country. Home For Good helped accomplish a 59% reduction in veteran homelessness during her tenure. Her work on the Home For Good Funders Collaborative received the Award for Public/Private Partnerships from HUD Secretary Shaun Donovan and the Council on Foundations.
