UPDATE

Los Angeles County’s State Advocacy Effort to Combat Homelessness

Community Web Meeting

June 16, 2016
PANELISTS

Hon. Mark Ridley-Thomas
Supervisor, District Two
County of Los Angeles

Phil Ansell
Director, Homeless Initiative, CEO
County of Los Angeles
6-14-16: Board of Supervisors vote to ask the California Assembly and Senate to urge the Governor to declare a state of emergency because of California’s homeless crisis.
June 14, 2016

The Honorable Anthony Rendon  
Speaker of the Assembly  
State Capitol, Room 219  
Sacramento, CA 95814

Dear Speaker Rendon:

We are writing to respectfully request that the Assembly pass a resolution urging Governor Brown to declare a state of emergency due to the increased number of homeless persons in California.

Los Angeles County is facing a pervasive and deepening homelessness crisis that endangers the health and safety of thousands of County residents, including veterans, women, children, LGBT youth, persons with disabilities and seniors. On any given night, roughly 47,000 persons in Los Angeles County are homeless. This includes over 6,000 parents and their children. Since 2013, the number of homeless women has risen by 55 percent, and the number of homeless persons living in encampments, tents and vehicles has increased by a staggering 123 percent.

The statewide numbers are similarly alarming. In 2015, with 115,738 homeless persons, California accounted for 21 percent of the nation’s homeless population. Among all states, California had the highest percentage of homeless people counted in unsheltered locations (64 percent or 73,699 homeless unsheltered persons).

The tremendous scale of homelessness in Los Angeles County threatens the economic stability of the region by burdening emergency medical services and the social services infrastructure. Many homeless persons face severe threats to their health and safety on a daily basis. Research has shown that homeless persons are three to four times more likely to die prematurely than the general population often from acute and chronic medical conditions that are aggravated by homelessness.

It is imperative that we act now to address the crisis of homelessness in California. Therefore, we request that the Assembly pass a resolution to respectfully urge Governor Brown to declare a state of emergency on homelessness that would include:
• Access to $500 million from the Special Fund for Economic Uncertainties to implement state-wide re-housing efforts including street engagement, service triage, crisis housing, permanent housing navigation, rental subsidies, case management, other appropriate and essential services, and any other resources once the state of emergency is declared.

• Immediate orders to deploy State agencies and personnel to help provide housing assistance to homeless camp hotspots in Los Angeles County and other heavily affected areas in the State and to set up emergency command posts and triage site for the coordination of homeless service delivery.

• Assembly of a State public sector/private sector “Red Team” to develop a short-term plan to combat homelessness; and

• A commitment to identify and develop streams of ongoing funding for localities so they can sustain successful efforts to combat homelessness.

We look forward to working with you to address this humanitarian crisis and to mobilize needed local and statewide resources to ensure that over 115,000 homeless persons receive vital housing and supportive services.

Sincerely,

HILDA L. SOLIS
Chair of the Board
Supervisor, First District

MARK RIDLEY-THOMAS
Supervisor, Second District

DON KNAEBE

Letter to Governor Brown
On any given night, there are over 115,000 homeless people in California - 21% of the entire nation’s homeless population.

Counties across the state are facing a pervasive and deepening homeless crisis that imminently endangers the health and safety of tens of thousands of residents, including veterans, women, children, LGBT youth, persons with disabilities and seniors.

Nowhere is this more evident than in L.A. County - 47,000 homeless, including more than 6,000 parents and children - where the tremendous scale of homelessness threatens the economic stability of the entire region by burdening emergency medical services and the social services infrastructure.

It is time to treat this crisis like the emergency it truly is. The increasing numbers of displaced homeless people and the lack of ongoing resources to stably re-house them require immediate and extraordinary action.

I strongly urge you to declare a state of emergency in CA to address this growing humanitarian crisis throughout the State.
Potential Ongoing Revenue

- State budget process and status
  - Ongoing effort to secure ongoing revenues to address the crisis
- Status of Trailer Bill Language to secure State authority for the County to seek voter approval of a tax on personal income above $1 million/year to combat homelessness
Community Support for Millionaires’ Tax

- Growing list of supporters including cities, statewide associations and community-based organizations

- Call to action! Send a support letter today - http://priorities.lacounty.gov/homeless/
