Measure H Revenue
Planning Process & Funding Requests
Community Web Meeting

April 25, 2017
Overview of Measure H

• Approved by voters on March 7, 2017: a ¼-cent County Sales tax that will generate an estimated $355 million annually for ten years (to be used solely to combat homelessness).

• In February 2016, Board of Supervisors approved 47 strategies developed through an inclusive and comprehensive planning process. 17 of those strategies are eligible to be funded with Measure H revenue, plus 4 new strategies.

• Projected to help an estimated 45,000 families and individuals move from homelessness to permanent housing, and enable 30,000 more to avoid becoming homeless – within the first 5 years.
Overview Continued

• Board of Supervisors directed the County Homeless Initiative to convene the Measure H Revenue Planning Work Group, comprised of 50 key stakeholders from homeless service provider agencies, cities/Councils of Governments, faith leaders, United Way/Home for Good, the Lived Experience Advisory Group, local homeless policy experts, Los Angeles Homeless Services Authority, and County departments.

• Work Group is charged with developing final FY 2017-18 Measure H funding recommendations and tentative funding recommendations for FY 2018-19 and FY 2019-20, for consideration by the Board of Supervisors on June 13.

• To date, there have been 3 Revenue Planning meetings with additional meetings scheduled for May 4 & May 10.
MEASURE H
STRATEGIES TO COMBAT HOMELESSNESS
Core Measure H Strategies, Year 1 Model

E6: Countywide Outreach System
Outreach Teams: 57

E8: Enhance the Emergency Shelter System
Households Served: 8,215

B7: Interim / Bridge Housing for Those Exiting Institutions
Households Served: 3,009

D7: Permanent Supportive Housing
Households Housed: 2,500

B3: Work with Cities to Expand Rapid-Rehousing
Households Housed: 5,584

E7: Strengthen Coordinated Entry System

E14: Enhanced Services for Youth

Other Permanent Housing

Bridge Housing

Permanent Housing

Households Served: 8,084

Households Served: 5,818

Households Served: 895
A. Prevent Homelessness
A. Prevent Homelessness

Combating homelessness requires effective strategies to reduce the number of families and individuals who become homeless, in addition to helping currently homeless families and individuals move into permanent housing.
The Los Angeles Homeless Services Authority (LAHSA) and the Dept. of Public Social Services have drawn from the Homeless Family Solutions System (HFSS) model and have expanded and enhanced a homeless prevention program for families that consists of rental/housing subsidies, case management and employment services, and legal services.

A1- Prevent Homelessness: Homeless Prevention Program for Families
The Homeless Prevention Program for Individuals is a new program that seeks to provide rental/housing subsidies, case management and employment services and legal services.

Due to limited experience with prevention services for individuals, these services are proposed to be targeted and prioritized for:

- Diversion of individuals before they leave institutions
- Retention services for formerly homeless individuals by quickly resolving issues that may threaten housing
- Targeted eviction defense for people at imminent risk of homelessness by providing higher level case management, rental assistance, and/or legal assistance to stabilize housing.

A5- Prevent Homelessness
Homeless Prevention Program for Families
B. Subsidize Housing
Almost all homeless families and individuals lack sufficient income to pay rent on an ongoing basis, particularly given the extremely high cost of market-rate housing in Los Angeles County. In this context, subsidizing rent and related housing costs is key to enabling homeless families and individuals secure and retain permanent housing and to preventing families and individuals from becoming homeless.
Department of Public Social Services provides rental subsidies to disabled homeless General Relief participants applying for SSI. For individuals approved for SSI, those rental subsidy costs are recovered through Interim Assistance Reimbursement and reinvested in the program.

**B1 - Subsidize Housing**

Provide Subsidized Housing to Homeless Disabled Individuals Pursuing SSI
The Department of Health Services and Los Angeles Homeless Services Authority are partnering with cities to expand the availability of rapid re-housing, which combines a time-limited rental subsidy with services for families and individuals who have a very good change of gaining the ability to pay their own rent in 6-12 months.
### B3 - Subsidize Housing
Partner with Cities to Expand Rapid Re-Housing

The Dept. of Children and Family Services and the Community Development Commission provide rapid re-housing and case management services to families in the child welfare system where the parent(s)’ homelessness is the sole barrier to the return of the child(ren), and:

- Child(ren) are currently placed in out-of-home care (including relative caregivers)
- Parent(s) have complied with or are in substantial compliance with all court orders for the return of their children
- Family is a good candidate for rapid re-housing, rather than a longer-term housing subsidy
B6 - Subsidize Housing
Family Reunification Housing Subsidy

**B7 - Subsidize Housing**

Interim/Bridge Housing for those Exiting Institutions
C. Increase Income
C. Increase Income

Most homeless families and individuals have the ability to increase their income to the point where they will be able to pay for their own housing in the future, if they secure the assistance they need.

A high percentage of homeless adults can increase their income through employment; qualified disabled homeless individuals can increase their income through federal disability benefits.
C2 - Increase Income
Increase Employment for Homeless Adults by Supporting Social Enterprise

Sustain support for Social Enterprise/Alternate Staffing Organizations (SE/ASO) to increase employment opportunities for Homeless Adults:

• Enhance the procurement process to provide preferential treatment of Social Enterprise.
• Support the creation of Alternative Staffing Organizations operated by SE Entities and designate them as the County’s preferred staffing agency.
• Provide a SE entity operating an ASO with a subsidy (Measure H Funded Component).
• Develop and distribute an inventory of the services currently being provided in Los Angeles County by SE/ASOs.
• Encourage cities to adopt a Social Enterprise Agency Utilization Ordinance.
## C2 - Increase Income

**Increase Employment for Homeless Adults by Supporting Social Enterprise**

Sustain and enhance a Countywide Benefits Advocacy Program for Disabled Individuals and Veterans Experiencing Homelessness or At Risk of Homelessness:

1. Benefits Specialist Resource Team(s) for each Service Planning Area
2. Ongoing training & technical assistance for Homeless Services Agencies, Federally Qualified Health Centers, and County and other public agencies
3. Coordination with Veteran’s Health Administration and Veteran’s Benefit Administration
4. Benefits Advocacy for disabled County jail inmates who will be homeless upon release
## C4, C5 & C6 - Increase Income

Countywide Benefits Advocacy Program

Provide subsidized employment for single adults.

Examples of proposed services include:

- On-the-Job-Training (OJT), Paid Work Experience, or Classroom Training;
- Job preparedness activities
- Ongoing case management and development of a customized plan that addresses each individual’s employment barriers
- Transportation and ancillary expenses, such as special tools, clothing/uniform, shoes, etc.
- Ongoing support during transition to full-time employment
- Proactively mitigate issues that may arise in the workplace
- Follow-up with individuals after placement in unsubsidized employment
## C7 - Increase Income

**Subsidized Employment for Homeless Adults**

D. Provide Case Management & Services
Most homeless families and individuals need some level of case management and supportive services to secure and maintain permanent housing, though the specific need varies greatly, depending on the individual circumstances. The availability of appropriate case management and supportive services is critical to enabling homeless families and individuals to take advantage of an available rental subsidy, increase their income, and access/utilize available services and benefits.
D2 - Provide Case Management and Services

Expand Jail In Reach

The Sheriff’s Department and Health Services are working with their non-profit partner agencies and collaborating County departments to provide Jail in Reach to all individuals who self identify as homeless while incarcerated in a Los Angeles County jail.

E. Create a Coordinated System
Given their complex needs, homeless individuals, families and youth often touch multiple County departments, city agencies and community-based providers. For the most part, services are not well coordinated; this fragmentation is often compounded by disparate eligibility requirements, funding streams, and bureaucratic processes. Maximizing the efficacy of current programs and expenditures necessitates a coordinated system which brings together homeless and mainstream services.
The Los Angeles Homeless Services Authority, in conjunction with relevant County agencies and community based organizations, is implementing a plan to leverage current outreach efforts and create a countywide network of coordinated, multidisciplinary, street-based teams to identify, engage and connect, or re-connect, homeless individuals to interim and/or permanent housing and supportive services.

F. Increase Affordable/Homeless Housing
F. Increase Affordable/Homeless Housing

The lack of affordable housing overall, and homeless housing in particular, contributes substantially to the current crisis of homelessness. The County and cities throughout the region can increase the availability of both affordable and homeless housing though a combination of land use policy and subsidies for housing development.
F7 - Increase Affordable/Homeless Housing
Preserve Current Affordable Housing and Promote the Development of Affordable Housing for Homeless People

- One-third of the Affordable Housing Program (AHP) capital funding goal identified by the Board in the October 2015 Affordable Housing Motion is proposed to be met by Measure H funding – funds will only be used to develop/preserve homeless housing.

- $10 million one-time funding is proposed for a housing innovation fund to address homeless housing in a cost-effective and expeditious manner – funds not expended in fiscal year will roll-over until exhausted.
F7 - Increase Affordable/Homeless Housing
Preserve Current Affordable Housing and Promote the Development of Affordable Housing for Homeless People
