HOMELAND INITIATIVE QUARTERLY REPORT NO. 15 (ITEM NO. 47, FEBRUARY 9, 2016 AGENDA)

On February 9, 2016, the Board of Supervisors (Board) approved the Los Angeles County Homeless Initiative (HI) recommendations, which included 47 Strategies to combat homelessness, and instructed the Chief Executive Office (CEO) to report back to the Board on a quarterly basis regarding the implementation status and outcomes of each Strategy. On December 6, 2016, the Board approved four new Strategies as part of the Measure H ordinance and they are also included in the CEO’s quarterly reports.

Attached is the HI’s fifteenth quarterly report, which includes data and information through October 31, 2019. The report shows that we are making measurable progress across all dimensions of the County’s commitment to combat and prevent homelessness. While the numbers of those directly served by HI Strategies are encouraging, a humanitarian crisis of such complexity will require sustained focus and collaboration with the County’s partners and stakeholders. The HI continues to work closely and build capacity with a diverse and ever-growing network of partners to serve many more of our homeless neighbors.

The next quarterly report will be provided on January 15, 2020.

Three years ago, the Los Angeles County Board of Supervisors made a bold move and created the County Homeless Initiative, which underscored homelessness as a top regional priority. With the creation of the Homeless Initiative and passage by voters of the landmark Measure H sales tax in March 2017 – which is generating an estimated $355 million annually - we have accelerated our critical work to improve the lives of individuals and families experiencing homelessness.

While movements take time to build, thousands of individuals and families have already been helped through a major expansion of outreach, emergency shelter, rapid rehousing, and permanent supportive housing for homeless disabled adults – in all parts of the County.

This is a community-wide undertaking made possible only through sustained collaboration among dedicated service providers, County departments, civic leaders, cities, businesses, labor, faith-based institutions and community coalitions — and a galvanized public — who share the mission to prevent and combat homelessness in L.A. County.

The Homeless Initiative’s 15th Quarterly Report - covering the period of July 1, 2017 thru September 30, 2019 - includes 27 months of Measure H outcomes and shows that we are making measurable progress across the full scope of the County’s commitment to combat and prevent homelessness. Although there was an increase in the County’s homeless population between 2018 and 2019, the increase was much smaller than the increase experienced by surrounding Counties, which can be directly attributed to Measure H.

As the critical work continues, there is a powerful sense of community and commitment across Los Angeles County that, together, we can bring our homeless neighbors home and achieve lasting change.
Of the 51 HI Strategies approved by the Board, **ALL** have now been fully or partially implemented, as reflected in Exhibit I. Of the 21 Strategies funded through Measure H, all have been implemented. Implementation status and next steps for the 51 HI strategies can be found in Exhibit II.

**17,805**
PERMANENTLY HOUSED THROUGH MEASURE H STRATEGIES SINCE JULY 2017

**PERMANENTLY HOUSED THROUGH MEASURE H STRATEGIES**
A total of **17,805** individuals and family members have been permanently housed because of Measure H strategies since July 2017. During the first quarter of Fiscal Year (FY) 2019-20, **2,096** individuals and family members were permanently housed.

**A1 AND A5: HOMELESS PREVENTION PROGRAM FOR FAMILIES AND INDIVIDUALS**
**302** new families were assisted with prevention services through the Family Solutions Centers. During the same time period, **124** families exited the program and, of those, **98** (79 percent) either retained their housing or transitioned into other permanent housing. In the same time period, **343** new individuals were assisted in the Homeless Prevention Program for Individuals. Between July 2019 and September 2019, **185** individuals exited the program and, of those, **135** (73 percent) either retained their housing or transitioned into other permanent housing.

**34,920**
PLACED IN INTERIM HOUSING FACILITIES THROUGH MEASURE H STRATEGIES SINCE JULY 2017

**INTERIM HOUSING FUNDED IN WHOLE OR IN PART THROUGH MEASURE H STRATEGIES**
A total of **34,920** individuals and family members entered interim housing funded in whole, or in part by Measure H since July 2017. **4,507** individuals and family members entered interim housing in the first quarter of FY 2019-20.

D2: EXPANSION OF JAIL IN-REACH
368 inmates received D2 Jail In-Reach services.

D6: CRIMINAL RECORD CLEARING PROJECT
The Public Defender (PD) held 33 record-clearing services events and the City Attorney (CA) held 21 record-clearing events throughout the County. The PD engaged 192 clients and filed 534 petitions for dismissal or reduction. 155 petitions filed by the PD (including some filed last FY) have been granted since July 2019. The CA engaged 412 clients and filed 675 petitions for dismissal or reduction. 1,006 petitions filed by the CA have been granted since July 2019.

D7: PROVIDE SERVICES FOR PERMANENT SUPPORTIVE HOUSING
602 clients were linked to new D7 Intensive Case Management Services (ICMS) slots. In the same time period, 246 additional participants who were residing in existing PSH units that had insufficient supportive services received D7 ICMS services to increase housing retention. 493 clients received federal rental subsidies, 102 clients received local rental subsidies, and 295 clients were newly placed in D7 permanent housing.

*All highlights feature data from July 2019-September 2019, unless noted otherwise.
**E4: FIRST RESPONDERS TRAINING**

220 Los Angeles Sheriff’s Department (LASD) deputies and sergeants and 71 non-law enforcement first responders were trained using the LASD first responder training.

---

**E6: COUNTYWIDE OUTREACH SYSTEM**

2,535 individuals were newly engaged by Countywide Outreach Teams and 9,147 individuals were engaged by Countywide Outreach Teams (including some that had also been engaged in previous reporting periods). Teams connected 4,059 individuals to services, placed 354 individuals into interim housing, and linked 222 individuals to a permanent housing program.

---

**E8: ENHANCE THE EMERGENCY SHELTER SYSTEM**

3,193 individuals entered crisis, bridge, and interim housing funded in whole, or in part by Measure H (strategy E8). During the same period of time, 458 individuals exited interim housing to permanent housing, amounting to 19 percent of all exits during that time period.

---

**E14: ENHANCED SERVICES FOR TRANSITION AGE YOUTH**

739 youth were assessed using the Next Step Tool. Over the past FY, 39 Transition Age Youth (TAY) exited TAY transitional housing to permanent housing, amounting to 44 percent of all exits during that time period.

Subsidy for Older Adults Helps Diana Stay in Her Home

Diana (age 74) had been residing in her apartment in Whittier for several years, splitting the rent with a roommate. Her roommate’s son, when released from prison, came to the apartment and caused such a disturbance that he and his mom were asked to leave – leaving Diana responsible for the rent in its entirety. With her limited Supplemental Security Income, she could not afford the rent anymore.

Diana was accepted into the Homeless Prevention program, and after six months was referred to the Shallow Subsidy program, where she now receives up to $300 per month for up to five years. This has helped greatly towards her monthly rent of $825. This program, which serves older adults, now allows Diana to be able to stay in her home and in the community she loves.

“I am delighted to remain here in my home with this assistance and my message is – never give up!” Diana

SUCCESS STORIES

Service Providers Aided by Prevention Efforts

More than two years ago, George and Susan (both in their 50s) were both laid off from their jobs as a professional substance abuse provider and mental health provider (respectively). Due to lack of income, they lost their home and began sleeping in their car.

LA Family Housing got them rehoused by providing a security deposit and temporary rental assistance, as well as case management to help them stabilize and increase their income through employment. In addition, LAFH assisted Susan by paying for educational courses that would enable her to recertify as a professional substance abuse counselor, and connected her to counseling services to address her own issues around housing insecurity.

Despite their efforts, it was hard for the couple to make ends meet. In August, they were referred to the Salvation Army Shallow Subsidy program and are currently enrolled to receive $500 in rental assistance each month for up to five years – which will enable them to remain stably housed. Through a stroke of luck, the landlord agreed to lease out the other bedroom to Susan’s son and his girlfriend, so the family now lives together, safely, under the same roof.

“LA Family Housing helped us begin restoring our dignity and self-respect; both of which were seriously eroded/diminished while homeless. We now have a sense of safety, stability and security. Coming home to the same place every night feels like a healthy part of our community.” - George
Employment Gives Family A New Start Amidst Medical Emergency

Celeste (age 31), a married mother of two children, became homeless in October 2018 after her husband Jim was diagnosed with Congestive Heart Disease. The sole breadwinner for the family, Jim was no longer able to work due to illness, which led to the loss of their apartment and vehicle. Jim is currently hospitalized and on the transplant list waiting for a new heart.

During this difficult transition, Celeste enrolled in CalFresh, CalWORKs, and Greater Avenues for Independence. Through these programs, she was able to provide food, clothing and childcare for her family. She also enrolled in the Transitional Subsidized Employment (E-TSE) program, where she was placed at the UAW/LETC South Los Angles Work Source Center and given 40 hours of work per week. A former stay-at-home mom, Celeste gained new skills and assumed increased responsibilities – which led to her permanent hire as a Youth Case Manager, helping youth with job placement and career advice. The family is back living with Celeste’s mom and saving money to return to a place of their own.

“The E-TSE Program offered me not a way out, but rather an opportunity to regain control of my life to help my family. Without their assistance, there is no telling where we would be now.”

Strategy C1: Enhance the CalWORKs Subsidized Employment Program for Homeless Families
Single Mother Gains Employment and a New Life

Marcella and her 3-year-old daughter were living with her mother in Las Vegas. When her mom passed away in 2016, the single mother and her baby girl became homeless. Circumstances forced her to move to Los Angeles. For a few years, they stayed with friends, but ultimately were asked to leave.

Through the Transitional Subsidized Employment (E-TSE) program, Marcella was placed at Goodwill Industries and assigned to the Janitorial Department, where she received specialized training on janitorial equipment and ultimately earned a Janitorial Certificate of Completion. She also successfully found an apartment and moved in this past July, and with the assistance of SSG-HOPICS, her move-in costs were covered. She received a full-time job offer from the Goodwill Maintenance Department and was later recruited by Metro – fulfilling her goals of working in the custodial field.

Strategy C1: Enhance the CalWORKs Subsidized Employment Program for Homeless Families

“I’m very grateful for the E-TSE program, which helped me get back on my feet and become successful. Thank you to all who helped me, especially my GAIN worker, Ms. Evelyn Sandoval!”
Mobile Expungement Unit Clears a Path for Carol

Carol (age 37) suffered convictions in seven non-violent criminal cases. She had served her sentences, paid restitution and stayed crime-free for seven years, working as a productive citizen in low-paying, but steady jobs. In applying for better paying jobs to sustain the rising cost of her family’s housing, she was repeatedly turned down because of her record. Carol attempted to have her record cleared numerous times, but the complexities of navigating through different jurisdictions and filing fees proved insurmountable - until she found her way to the Public Defenders Mobile Expungement Unit.

Carol encountered the Mobile Unit at the Salvation Army Bell Shelter and was struck by the legal team’s patience, compassion and non-judgemental attitude. The team processed her paperwork for all seven cases that same day, recording her declarations and explaining to the judges at each courthouse why this record clearance was so crucial. While Carol continued to work, the Public Defender team worked diligently on her behalf.

In April, Carol received the great news that every single one of her petitions had been granted, clearing a path for her to apply for and obtain what she describes as her “dream job!”

“Thank you so much, your team changed my life!”
Shared Housing Presents a Solution to Rising Rents

Mike (age 65) relies on Supplemental Security Income (SSI) and has a history of chronic health issues. He worked until the point he received social security and his health issues rendered him unable to stay employed. His limited income made it difficult to locate an affordable apartment.

Mike was found living in a tent in MacArthur Park when the Housing Navigator engaged him on a Homeless Connect Day. His case manager began the process of identifying temporary housing options (which he declined) and permanent options. They identified Shared Housing as a viable possibility and ultimately Mike became open to the idea as a solution to the high cost of housing.

In October, Mike viewed a unit and immediately fell in love with it. He signed the rental agreement and was given the keys on the same day. Mike is so appreciative that in one day he went from sleeping in a tent to a bed of his own and foresees getting along well with his new roommate while he applies for low-income senior housing.

“Strategy E7: Strengthen the Coordinated Entry System

“I knew if I kept my faith in God, I would escape homelessness. Shared Housing is a good option for people only receiving SSI as a primary source of income.”
Family Reunification Ends Kimba’s Homelessness

Sean (age 20) moved from Daytona Beach, Florida to Los Angeles, in the hopes of attending Antelope Valley College to play football and advance his education. His plan was to stay with family while attending school, but they decided to move out of state suddenly, leaving him homeless. When plans for finding alternative housing fell through, Sean was forced to sleep outside on the college campus. Struggling with depression and loneliness, Sean wanted to return to his family in Florida, but was unable to afford the travel costs.

Sean was linked to the Youth Family Reconnection program with The Salvation Army – The Way In through Valley Oasis. His case manager worked with him to find coping mechanisms and resources to help with his depression and loneliness. He also coordinated with Sean’s family and secured a plane ticket for his journey home to Florida – and the family was reunited in April.

Sean is now stably housed with his mother and sister, has found full-time employment, began his studies at Bethune-Cookman University, and fulfills his love of football as a little league coach.

Father and Son Rebuild Their Lives After Tragic Loss

Jeffrey and David, a father and adult son, were living in their car for more than two years in the City of Covina and Irwindale. Jeffrey, while grieving over the death of his wife, lost his employment as a plumber due to an injury. David, impacted by the loss of his mother, was unable to finish high school and was presenting trauma symptoms and a learning disability that significantly impacted his quality of life.

A multidisciplinary team (MDT) from Union Station Homeless Services encountered the family while outreaching in Covina hotspots. After a period spent building trust, the team assisted the father in getting needed registration and smog work for their vehicle. They became more willing to be assessed and both father and son scored as top priority. The MDT also got the Covina Police Department to agree to not ticket them while the vehicle issues were being addressed, in exchange for continuing to work with the team.

The MDT referred the family to Union Station Holly Street Housing program and matched them with a housing voucher. They have recently signed a lease and are moving into an apartment in the City of Pasadena.

Domestic Violence Pilot Program Gives Family a Safe Haven

Jane (age 23), a single mother with two young children, had been homeless for almost four years. She was in a domestic violence situation, but depended on her partner. When she decided to flee her abuser, she was not able to find a place to live on her own. Without resources or a safety net, the family couch surfed between acquaintances around Long Beach.

Jane was referred to LAHSA's Rapid Rehousing Program and with the support of the 1736 Family Crisis Center, she was able to locate and move into a unit in the City of Lawndale. Thanks to the Crisis Center and the Domestic Violence Pilot Program, Jane and her family received financial assistance, household items, appliances and furniture to start their new life. The family is happy and safe, and Jane is actively seeking employment.

In October 2019, Governor Newsom signed over a dozen bills that meaningfully address our housing and homelessness crisis. The following two new laws will have a particularly profound impact.

- **AB 1482 (Chiu), The Tenant Protection Act of 2019** – Limits rent-gouging across California by placing an upper limit on annual rent increases of 5 percent plus inflation. This cap applies retroactively to all rent increases occurring on or after March 15, 2019. Also, to prevent landlords from engaging in rent-gouging by evicting tenants, this bill requires that a landlord have and state a “just cause” in order to evict tenants who have occupied the premises for at least one year.

  Both the rent cap and the just cause provisions are subject to exemptions including, among others: housing built in the past 15 years, and single family residences unless owned by a real estate trust or a corporation. This bill sunsets after ten years and does not preempt any local rent control or just cause ordinances.

- **SB 329 (Mitchell)** — Co-sponsored by LA County, this bill prohibits landlords from discriminating against the thousands of tenants who rely upon a housing subsidy paid directly to landlords to help them pay the rent. This law will go into effect January 1, 2020 and covers all types of housing assistance such as: federally-funded Housing Choice Vouchers (popularly referred to as “Section 8”), Veterans Assistance Supportive Housing Vouchers, Housing Opportunities for People with AIDS Vouchers, but also the different types of rental subsidies funded with local and state dollars such as Measure H, as well as one-time funding from California’s Homeless Emergency Aid Program and Homeless Housing, Assistance and Prevention Program.

  Efforts are underway among many state and local agencies to plan, coordinate and monitor public education and enforcement of these far-reaching tenant protections.
MEASURE H FUNDING PROCESS

On August 13, 2019, the Board of Supervisors directed the County’s Homeless Initiative (HI) to launch a process to develop final recommendations for FY 2020-21, and tentative recommendations for FY 2021-22 and FY 2022-23.

As part of this Funding Process, the HI convened eight Policy Summits from September through November, to gather input from key partners, including system leaders, service providers, researchers, Cities, people with lived experience, faith organizations, philanthropic organizations, and others. These sessions were framed by interim findings from strategy-specific HI evaluations, performance outcome data, and other data and research.

These three-hour policy summits were open to the public for observation and comment. The eight summits were held in large conference rooms at the United Way of Greater Los Angeles to maximum capacity for members of the public and with approximately 40 invited discussion participants per summit. Many additional members of the public also listened in on each summit discussion through a live audio feature. The public was invited in advance to view all summit agendas, data, and presentation materials which still remain available on the HI website.
Community input sessions took place in each of the eight Service Planning Areas across the County.

The process will also include a series of meetings with the Measure H lead agencies to discuss relevant data, policy summit discussion outcomes, community input, and other available information, ultimately generating draft Measure H funding recommendations. Additionally:

- Draft Measure H funding recommendations will be publicly released in early March 2020.
- The HI will host a webinar to present the draft recommendations and will then open a public comment period where comments can be submitted via the HI website.
- Attendees at the Annual HI Conference in March will have an opportunity to provide feedback on the draft recommendations.
- A public meeting will be convened in March 2020 to provide another opportunity for public comment.
- The HI will present the draft recommendations to the Homeless Policy Deputies in April 2020 and then the recommendations will be considered by the Board of Supervisors in May 2020.
The FY 2019-20 Measure H-funded contract directory includes all Measure H-funded contracts, categorized by Homeless Initiative Strategy and by Service Planning Area, where applicable.

The directory can be found online at

On October 16, 2019, the CEO, in partnership with the Los Angeles Homeless Services Authority (LAHSA), hosted a County Department kick-off meeting to explore the recommendations of the Ad Hoc Committee on Black People Experiencing Homelessness (Committee). The Committee’s focus was to:

1. Examine the factors contributing to the overrepresentation of Black people among the population experiencing homelessness in Los Angeles County (35 percent of the homeless population compared to 9 percent of the overall population);
2. Identify opportunities to increase racial equity within the homeless and mainstream service delivery systems; and
3. Develop recommendations to more effectively meet the needs of Black people at risk of or experiencing homelessness.

The December 2018 Report issued by the Committee included 67 recommendations, informed by quantitative data analysis and feedback from experts and community members. Of the 67 recommendations, 62 have connections to County systems. As such, the County Department Kick-off Meeting provided an opportunity for preliminary discussion around the Report and recommendations. Additionally, County departments were able to collaborate and explore the feasibility of moving forward the recommendations of the Committee - to address the institutional barriers across agencies and systems identified by the Report to ensure that Los Angeles County is a place where all can succeed and thrive.

County Departments participating in the Countywide Kick-off included the Departments of Public Social Services, Mental Health, Health Services, Public Health, Children and Family Services, Probation, Workforce Development, Aging and Community Services, Consumer and Business Affairs, Public Defender, Regional Planning and the Los Angeles Community Development Authority. The CEO will continue to engage with the above-referenced County Departments and further engage the Los Angeles Sheriff’s Department, Department of Human Resources, District Attorney, Internal Services Department and County Counsel to participate in future convenings.
OTHER KEY ACTIVITIES

Homelessness Prevention Action Plan

On May 21, 2019, the Board Directed the Chief Executive Officer (CEO) to collaborate with the Departments of Public Social Services; Children and Family Services; Health Services; Mental Health; Public Health; Workforce Development, Aging, and Community Services; Consumer and Business Affairs; Probation Department; Sheriff; the Office of Diversion and Re-entry; Los Angeles Homeless Services Authority; legal services; research organizations; and other experts to assess how to strengthen homelessness prevention efforts within mainstream County Departments.

The CEO-HI provided an interim report on August 22, 2019, which included the following:

- An inventory of the homelessness prevention programs already in place at mainstream County Departments;
- An assessment of which departments gather a “homeless indicator” in their data systems;
- An evaluation and assessment of recommendations developed by various taskforces/workgroups, such as the Ad Hoc Committee on Black People Experiencing Homelessness, Employment and Homelessness, Homeless Older Adults, Women Experiencing Homelessness, Transition Aged Youth, and Homeless Families, and determinations regarding which recommendations should be considered for inclusion in the Action Plan;
- Description of the work being done by the California Policy Lab and the University of Chicago Urban Labs (CPL/UL) on predicting homelessness and the implications of that work for the Action Plan, including any recommendations on how to direct county department resources to those at highest risk of homelessness; and
- An update on the consultant procurement process and assistance.

The workgroup has been meeting regularly to evaluate the homelessness prevention programs already in place and to assess if any new policies and programs need to be put in place.

- The Action Plan will be submitted to the Board of Supervisors in December 2019.
$8.2 million in Measure H Funds has been allocated to bolster cities’ efforts to implement their Homelessness Plans. In September 2018, the United Way of Greater Los Angeles’ Home For Good Funders Collaborative issued a Request for Proposals for city-specific projects in two areas:

- Priority Area 1 (Increase the supply of supportive and interim housing) and
- Priority Area 2 (Enhance the effectiveness of the homeless delivery system).

Background
- 37 applications were received (consisting of 31 cities), representing all five Supervisorial Districts.
- Cities whose applications were not fully approved, were invited to re-submit.
- All applications have now been received and approved for funding.
- Contracts are being executed on a rolling basis starting August 2019.
- Contracts are due to expire on February 28, 2021.

CITIES AND COUNCILS OF GOVERNMENT UPDATE

New Innovation Funding

On September 10, 2019, the Board directed the CEO to report to the Board in 45 days with a framework to provide $6.0 million in available Measure H carryover funds from FY 2018-19 to Councils of Governments (COG) to support activities that (a) align with the Board-approved, Homeless Initiative Action Plan to Prevent and Combat Homelessness and (b) are consistent with Priority Areas 1 and 2 outlined in the recent RFP to support implementation of the city homelessness plans.

The CEO-HI submitted a report on October 25, 2019 with a proposed framework which the Board adopted on November 12, 2019. Funding for each COG will be proportionate to the 2019 Homeless Count. Each COG will conduct its own process to determine how to utilize this funding, provided that the funding shall be used only for activities which fall within Priority Area 1 or 2. The CEO will work closely with the COGs to expedite the contracting process, so that funds can be allocated as quickly as possible.
Expanding Eviction Defense Services in Los Angeles County

Economic hardship is one of the main factors causing people to fall into homelessness. Legal representation for low-income tenants threatened with eviction is a critical component in the effort to prevent homelessness.

• On May 21, 2019, the Board Directed the Chief Executive Officer (CEO) and the Director of the Department of Consumer and Business Affairs (DCBA) to study and report back on a program to provide legal representation for low-income tenants who are facing eviction.
  o The report was provided on August 26, 2019, which contained a framework and design for the program.
• On September 10, 2019, the Board directed DCBA, in partnership with the County Homeless Initiative (CEO-HI), County Counsel, the Public Defender, the Alternate Public Defender, the Los Angeles Superior Court, and other relevant departments and agencies, to establish the first phase of an eviction defense and prevention program. For eligible tenants in select zip codes, this will include legal representation, eviction help centers in courthouses, and short-term rental assistance.
  o Measure H will provide $2,000,000 in Fiscal Year (FY) 2019-20 for start-up and operations of Phase I of the program.
  o The next report to the Board will be provided in December 2019, which will provide a description of initial program implementation.
JOB FAIR

The Fifth Homeless Services Professionals Job Fair took place on September 12, 2019 at West LA College. The Job Fair was a partnership between the Homeless Initiative, the Office of Mayor Eric Garcetti, LAHSA, Workforce Development and Community Services, the City of LA Economic & Workforce Development Department, and West LA College.

• Number of employers that participated: 44

| A4: Discharges from Foster Care and Juvenile Probation | DCFS | DCFS  
• On August 8, 2019, approximately 170 Foster Care Exit questionnaires were mailed to former foster youth who left care in April, May, and June 2019. Of those, 26 surveys were returned. The most significant findings were as follows: twenty-four youth reported that they were living in a stable housing arrangement since exiting foster care, and all of those who responded stated that, were able to locate housing upon leaving foster care. Additionally, the majority, or 23, stated that they had been in contact with DCFS staff since exiting care. Twenty-two indicated that they already have housing or will be living with a friend or relative in the next six months, while only one reported that they didn’t know where they will be staying. Lastly, seven reported that they were in search of employment opportunities since leaving foster care.  
• As of July 2019, the “Special Projects” tracking field in CWS/CMS has been widely utilized by the DCFS Regional staff. This Special Projects feature was implemented during the last reporting period to enhance the utilization and tracking efforts of the 6-Month Transition Plan by the CSW Regional staff and appears to be instrumental in assisting with the reporting.  
• For July 2019, there were 71 youth, age 20 ½ who should have had a 6-month transition plan completed in preparation for exit at age 21. DCFS did a sampling of 30 cases. The sampling reflected that 73 percent had discharge plans completed.  
• For August 2019, there were 54 youth, age 20 ½ who should have had a 6-month transition plan completed in preparation for exit at 21. DCFS did a sampling of 30 cases. The sampling reflected that 77 percent had discharge plans completed.  
• For September 2019, there were 58 youth, age 20 ½ who should have had a 6-month transition plan completed in preparation for exit at age 21. DCFS did a sampling of 30 cases. The sampling reflected that 97 percent had discharge plans completed. | As a corrective action, DCFS will continue to monitor the utilization of the amended 6-Month transition plan and provide quality assurance oversight by working collaboratively with the DCFS regional office staff.  
• DCFS will continue to stress the importance of outreach to DCFS Regional offices to ensure effectiveness in support of a youth’s transition from care to self-sufficiency and assisting in preventing housing instability through aftercare.  
**PROBATION**  
Probation will continue to provide training, support, and quality assurance - and will provide further policy guidance for all Probation Placement-Child Welfare Operations. |
| **Actual Implementation Date:** Phase 1: January 2018  
Phase 2: August 2018 | | |
**Probation**

- Probation implemented a Quality Assurance (QA) Review of efforts to assist youth who are exiting/discharging from Placement. Juvenile probationers transitioning out of Residential Based Services (RBS) almost exclusively reunify with their families. However, non-minor dependents (NMD) exiting Extended Foster Care (EFC) at 21 years of age may be at greater risk of homelessness at exit/discharge. Nonetheless, the QA review of NMDs exiting EFC during the first quarter of FY 2019-20 found that 100 percent of the six randomly selected cases (two per month) had stable housing at discharge. The total number of NMDs exiting over the first quarter of the FY was 31.
- In August 2019, Probation assigned a new Director to manage the Placement Services Bureau’s TAY programs, which include the Youth Development Services (YDS)/Independent Living Program (ILP) and the Transition Jurisdiction Services (TJS) Program, also known as AB12. The Director has extensive experience serving this population and will be able to provide stronger managerial review and oversight.
- Probation has added a Program Analyst position. This individual, whose position is newly created, will be tasked with conducting the comprehensive review of all data associated with this initiative.

- Los Angeles County Development Authority (LACDA): Attended 18 meetings and community events such as Homeless Connect Days, Landlord Breakfast meetings, Apartment Association, California Southern Cities (AACSC) Trade Show and others. Attendance at these events allowed for successful marketing and education on LACDA’s Homeless Incentive Program (HIP).
- Housing Authority of the City of Los Angeles (HACLA): HACLA’s HIP participated in a landlord workshop informational session at the Watts Labor Community Action Committee (WLCAC) Landlord Breakfast. The HIP team met with Sola Rentals to strategize about ways to rapidly enroll vacant units in HIP and expedite the lease up/move in process. The team also participated in the AACSC Multi-Family Housing trade show at the Long Beach Convention Center. The event targeted property owners and management companies.
- Burbank Public Housing Authority: The City of Burbank contracted with a homeless service provider (Ascencia) for Permanent Supportive Housing (PSH) case management and to assist PSH voucher holders with landlord incentives and furniture requests. Burbank also renewed a contract with a homeless service provider (Family Promise of the Verdugos) for housing navigation and added Housing Quality Inspections to the contract for PSH clients and Section 8 voucher holders who are homeless. A portion of the contract is funded with Measure H HIP Administrative Funds.
- Norwalk Housing Authority: The Housing Authority Commission confirmed seven more homeless vouchers for calendar year 2020. Norwalk also hosted a property management workshop and presented information about HIP.

| LACDA: LACDA will continue to reach out and schedule additional HouseLA events along with other local public housing authorities receiving Measure H funding. LACDA is currently scheduled to participate in 16 events in the next quarter. LACDA plans to continue expanding its marketing and outreach efforts to recruit new property owners/managers to participate in its incentive program. Other marketing options continue to be explored to further inform potential property owners/managers about LACDA’s incentive programs.
- HACLA: HACLA plans to assist 300 individuals/families with move-in costs to reach its goal of assisting 1200 individuals/families for FY 2019-20. HACLA aims to increase landlord participation in HIP. |
- **Glendale Housing Authority:** With HIP assistance, two clients were housed in the City of Los Angeles in September of 2019 and another client in the City of Glendale in August of 2019. Several clients are pending to receive furniture assistance.

- **Redondo Beach Housing Authority:** The Redondo Beach Housing Authority has been focused on assisting homeless veterans with the goal to utilize 20 HUD VASH vouchers Redondo Beach was allocated. Last quarter the Housing Authority was able to house three homeless veterans. All three received HIP assistance to pay for their application fees and security deposit. The Housing Authority hopes to house at least another three by the end of the next quarter.

- **Burbank:** The City expects to see an increase in furniture requests from PSH clients. The City of Burbank has refined its furniture policy based on experience to date. The City expects to reach an agreement with a mental health service provider to begin offering clinical social work care. The Burbank Housing Authority will continue to monitor opportunities for rental assistance programs for homeless adults, families, and disabled.

- **Norwalk:** The Housing Authority is in the process of renewing its MOU with Kingdom Causes Bellflower to coordinate referrals and provide housing navigation services in calendar year 2020.

- **Glendale:** Clients are receiving ongoing case management services from Ascencia and Family Promise. Glendale PHA has added new landlord support for possible available units within their housing complexes. There is a continuous search for housing location for two pending voucher holders.

- **Redondo Beach:** Redondo PHA is staffing up and will start reaching out to owners and property management companies in the area.

### C2: Increase Employment Opportunities for Homeless Adults by Supporting Social Enterprise (H)

**Implementation Dates:**
- **Phase 1:** County adoption of Social Enterprise Preference Program: Actual – October 2016
- **Phase 2:** Complete Feasibility Study assessing capacity of Social Enterprises to perform as Alternative Staffing Organizations (ASOs): Actual - September 2018
- **Phase 3:** Place DPSS Transitional Subsidized Employment (TSE) participants with ASOs: Target – December 2019

### LA:RISE:
- **LA City and LA County Workforce Development Boards (WDBs)** continued their collaboration on the LA:RISE program.
- Workforce Development, Aging and Community Services (WDACS) and REDF continued to build LA:RISE AJCC and SE staff capacity through the facilitation of monthly partner meetings focused on CalJOBS data entry, updated LA:RISE policies and procedures, and resources available for LA:RISE partners’ utilization to help stabilize those experiencing homelessness.
- WDACS instructed agencies operating workforce development programs to use the United States Department of Housing and Urban Development (HUD) definition of homeless when assessing participants. WDACS held a system-wide training session that included representation from all AJCC, Social Enterprise, Alternative Staffing Organization (ASO), and Workforce Development Board partners to provide guidance on this Homeless Definition Policy Directive.

### Homeless Opportunity for Meaningful Employment (HOME):
- The five other Workforce Development Boards in the region continued their “HOME” program homeless employment efforts.
- South East Los Angeles County (SELACO) WDB established partnership and a referral process with Kingdom Causes, a faith-based organization that helps individuals experiencing homelessness.
- South Bay Workforce Investment Board (SBWIB) continues to meet with community and other stakeholders including Salvation Army, PATH, City Housing Authorities and local law enforcement agencies to inform them of HOME programming and services.
- Verdugo WDB connected with Glendale Credit Union to provide financial literacy training, Neighborhood Legal Services provided legal advocacy, and Family Promise of the Verdugos and LA Family Housing provided housing resources.
- Foothill WDB continues to assist HOME participants with gaining permanent employment and encouraging and facilitating participants with enrolling in post-secondary education to work towards career goals.

### WDACS:
- WDACS will commence its FY 2019-20 Technical Assistance visits to the LA:RISE and ASO program agencies to ensure programmatic compliance. Through this monitoring, WDACS is able to target training and guidance. Technical Assistance is scheduled from October 2019- March 2020.

### DPSS:
- DPSS will continue to monitor referrals and placements in both subsidized and unsubsidized employment. DPSS continues to work closely with the contractor to increase placements.

• This quarter, CBEST onboarded two Administrative Assistants and nine Community Health Workers (CHWs). They are tasked with re-engaging inactive clients in SPAs 4, 6, and 8 (high volume SPAs). The goal is to re-engage the client, update needed |
| Homelessness or at Risk of Homelessness | paperwork, and move the case forward or exit those who could not be re-engaged after due diligence. With their assistance, the backlog at SPA 4 was cleared and the backlogs at SPA 6 and SPA 8 are well on their way to being cleared in the upcoming quarter. Administrative staff have also been instrumental in tracking and requesting medical records and assisting with data input, which is imperative in understanding the program and enhancing performance. CHWs have also been deployed into the field to conduct intakes on direct referrals from hospitals, clinics, Whole Person Care, and any other partners.  
- DHS is actively working with the Department of Children and Family Services to assist the Transitional Age Youth (TAY) population to pursue Supplemental Security Income (SSI) benefits.  
- DHS continues to meet with directors and clinical staff of DHS directly operated clinics and hospitals to implement a direct referral process for our hospital and clinic partners.  
- DHS conducted impact meetings targeting Full Service Partnership (FSP) providers to educate them about CBEST, Social Security Administration disability programs, the criteria that must be met to apply for benefits, and ways in which treating providers can assist in advocating and documenting impairments in medical charts.  
- Activities previously implemented that continue include: DHS continues to be heavily engaged in process; weekly application clinic; quality assurance review by ICLC of all benefit application claims; regularly scheduled CBEST boot camp/training for all new employees; CHAMP training; weekly case conferencing; support for homeless veterans by Military and Veterans Affairs (OMVA) in SPAs 2, 3, 4, 5, and 8 and by ICLC in SPAs 1, 3, 6, and 7; leverage HDAP funding to house homeless individuals. | benefits programs, cessation of disability, or non-medical reasons. ### D2: Expand Jail In Reach (H)
#### Actual Implementation Date:
January 2017
- D2 planning/collaboration meetings were held during this quarter in conjunction with the Office of Diversion and Reentry (ODR) service provider monthly meetings and include the 4 in-reach agencies and staff from Housing for Health, ODR, Sheriff's Department, and Correctional Health Services.
- In September 2019, two of Exodus Recovery’s case managers received clearance and were able to start conducting jail in-reach and actively engage with clients in the jail facilities.
- CBO staffing: Each of the four contracted agencies is funded for three case managers, for a total of 12 case managers for the D2 program. At the end of this period, a total of 11 positions were filled, all of whom had jail clearance. Exodus Recovery had two active case managers and were hiring for one additional. Project 180, Amity Foundation, and Volunteers of America all had three active case managers.
- County staffing: LASD remained fully staffed during this period with four Custody Assistants. Among the 4 DHS Clinical Social Worker positions, 2 positions remain vacant. One Clinical Social Worker who has transitioned to another position continued to provide interim support to D2 as needed during this period. A candidate was identified for the Century Regional Detention Facility position and is currently in the onboarding process. Recruitment is continuing for the position located at Pitchess Detention Center.
- D2 case conference meetings continued during this period with each of the active in-reach agencies. Individual client cases are discussed to troubleshoot and collaborate on case planning and services. Meetings occur every two weeks.

### D3: Supportive Service Standards for Subsidized Housing
#### Target Implementation Date:
March 2020
Since the last report, an internal working group of LAHSA staff have been working on editing and revising the draft of the PSH Practice Standards. LAHSA staff met with the Corporation for Supportive Housing (CSH) to discuss the incorporation of an outcome measurement tool that CSH had developed as part of another strategy. After some discussion, it was agreed that the tool would be excluded from the standards. The Practice Standards draft document should be ready to present to PSH funders in November. After PSH funders’ comments are incorporated into the document, community input will be sought from various community bodies.

### D4: Regional Integrated Re-entry Networks – Homeless Focus (H)
The D4 Measure funding has been transferred to strategy B7 to increase the number of B7 beds by 75 for those exiting County and local jails. Strategy D4 is no longer an active strategy.

- D2 staff recruitment will continue.
- DHS to review program protocols and guidelines to find areas that require standardization and improvement. Once documents are finalized, implement any new and revised protocols by providing trainings to case managers.

**Strategy D5 Workgroup**
- Alternate Public Defender, CEO, CSSD, Dept. of Animal Care and Control (DACC), DPH, DPSS, Library, Probation, Public Defender, and WDACS continue to submit referrals using the D5 Referral form.
- With the implementation of the Los Angeles-Homeless Outreach Portal (LA-HOP), some County departments are using both Strategy D5 and LA-HOP referral mechanisms.
- The Strategy D5 Full Workgroup continues to meet regularly to discuss referrals and best practices.

**Pilots**

**Elderly Nutrition Pilot (ENP) Program:** Outreach teams are providing weekly in-reach & Outreach to County meal sites to engage seniors experiencing homelessness. From August 2019 – October 2019, a total of 34 participants were engaged. Of the 34 participants, four individuals completed VI-SPDAT Assessments.

**WDACS/APS Co-Location Pilot:** At this time, one staff person from PATH is co-located at WDACS/Metro field offices in SPA 4 once a week to provide case management support to older adult clients experiencing homelessness.

**Home2Work Pilot:** The Pilot focuses on connecting individuals receiving a RRH subsidy to employment services. During this period, eight staff members were trained on Automated Referral System (ARS) for Homeless Providers to submit referrals to connect RRH clients to employment resources. The ARS database is a more effective way to track referrals being made to the AJCCs. As of August 2019- October 2019, three referrals have been sent, one participant has been enrolled in the WIOA program, and two have registered for CalJOBS.

### E6: Countywide Outreach System (H)

**Actual Implementation Date:**
March 2017

**Outreach Team Implementation:**
- Measure H-funded outreach teams continue to proactively serve tens of thousands of people experiencing unsheltered, street-based homelessness throughout the County of Los Angeles.
- As of September 30, 2019, 100 percent of all Measure H-funded teams inclusive of MDTs, HET, CES, Public Spaces and Weekend teams were fully implemented and continue to ensure coverage across all SPAs despite some vacancies.

**Outreach Team Capacity Building:**
- The Health Agency MDT Learning Collaborative meetings continue monthly, focusing on capacity building training, sharing success stories, reviewing outcomes, and problem-solving barriers to serving vulnerable populations.
- During this reporting period, a *Weekend Outreach Team Meet & Greet* focused on sharing resources, success stories and best weekend outreach practices was facilitated by the Health Agency and attended by 57 Weekend MDT and LAHSA Weekend HET outreach team members, representing all eight SPAs.

**Outreach Coordination**
- As of the end of this quarter, LA-HOP received 12,577 requests for outreach. The plurality (35 percent) came from Concerned Residents, with 23 percent coming from Government Employees and 17 percent from Homeless Service Providers.
- Care Coordination Meetings are now implemented in all outreach hubs in seven of eight Service Planning Areas (SPAs). These meetings help teams to create and implement care plans for the region’s most vulnerable.
- Outreach Coordinators and various outreach teams supported the filling of two new A Bridge Home Interim Housing sites in the City of LA (SPAs 4 and 6).

|   | LAHSA will select a consultant to lead the Higher Education and Homelessness Workgroup through a strategic planning process between November 2019 and February 2020.  
|   | LAHSA will begin administering the centralized Problem-Solving Assistance Fund (PSAF), accessible to trained system partners (i.e., DCFS, Probation, DPSS, etc.) and homeless service providers; the PSAF will provide TAY with limited, one-time financial assistance to support them in accessing temporary or permanent housing outside of CES, such as family or friends. |
| E15: Homeless Voter Registration and Access to Vital Records | • During this quarter, the Registrar-Recorder/County Clerk (RR/CC) participated in four Homeless Connect days offering information on how to obtain birth certificates using a fee waiver, voter registration opportunities, and election information.  
• As part of County’s new Voting Solutions for All People (VSAP) system, RR/CC is working to recruit locations as vote centers that will be easily accessible to homeless communities and individuals experiencing homelessness.  
• RR/CC will continue to promote voter education and civic engagement with homeless services agencies including participation in Homeless Connect Days.  
• RR/CC will continue outreach to new community partners and explore additional opportunities with current partners for insight on locations to use as vote centers for the March 2020 Presidential Primary Election. |
| Actual Implementation Date: January 2017 | LAHSA will release draft CES procedures related to Referral, Access, and Assessment, as part of the CES Operations Manual, for public comment. |

| E16: Affordable Care Act opportunities | • Cumulative enrollments in WPC programs through June 2019 reached 55,457 unique clients.  
• In August, rollover WPC funding from the state from program year 3 to 4 was approved for the first phase of rollover and approval for the remaining funds to make capital investments in the development of additional interim housing beds, including recuperative care, also occurred.  
• A one-time housing fund application for $36.1M has also been approved by the State that will bolster long-term and short-term housing and supportive services delivered to Medi-Cal enrollees who are mentally ill and either experiencing or at risk of experiencing homelessness. |
| Implementation Dates:  
Actual: July 2017  
Health Homes:  
Actual: Summer 2019 | Sustainability planning and program transitions are underway for WPC. Health Agency representatives have been participating in Medi-Cal waiver discussions at the State. The State released a draft of the CalAIM documents for public comment by October 29, 2019. |

| E17: Regional Homelessness Advisory Council (RHAC) and Implementation Coordination | The Regional Homelessness Advisory Council did not meet this quarter.  
RHAC meetings are held quarterly. The next meeting will be held on December 5. | Actual Implementation Date: February 2017 |

**Notes:** E6 data is broken down by the Service Planning Area in which the participant was served. Data is for three types of outreach teams: Department of Health Services' Multidisciplinary Teams (MDTs), Los Angeles Homeless Services Authority Homeless Engagement Teams (HET), and Coordinated Entry System (CES) teams. Due to participants being enrolled into multiple programs across countywide outreach teams, the total number per SPA does not equal the sum of all teams added together. Data for metrics on services/referrals, crisis housing, and permanent housing include individuals who were engaged during the reporting period but may have been engaged for the first time in a prior reporting period. Therefore, the total number who received services/referrals exceeds the total number who were newly engaged.

From August 15, 2019, the Chief Executive Office (CEO) responded to nine Board Motions related to homelessness. Below is a list of these motions with links to the associated reports.

- **Housing for Public Health (Item #44-A, Agenda of October 16, 2018)**  
  *Submitted on August 16, 2019*  
  This report summarizes the implementation and status of a pilot program to address the needs of encampments determined to be at high-risk for public health problems.  

- **Comprehensive Homelessness Prevention Assessment and Action Plan (Item #4, Agenda of May 21, 2019)**  
  *Submitted on August 22, 2019*  
  This report provided an interim response to the Board Motion, including an inventory of existing County department homelessness prevention and diversion resources; an assessment of which County data systems collect and track homeless status and the value of expanding, or enhancing this data collection and tracking; an evaluation of recommendations from other taskforces that should be considered by the Prevention workgroup; a description of work being done by consultants on predicting homelessness; and an update on consultant procurement.  

- **Re-Orienting Transition Age Youth Systems of Care to Support Housing Stability (Item #2, Agenda of November 20, 2018)**  
  *Submitted on August 22, 2019*  
  This memorandum reports back on 11 deliverables focused on enhancing the Transition Age Youth systems of care to support housing stability.  

- **Report on Expanding Eviction Defense Services in Los Angeles County (Item #3, Agenda of May 21, 2019)**  
  *Submitted on August 26, 2019*  
  This report summarizes options available to expand eviction defense and related services for tenants within the County.  
• **Use of Motels as Interim Shelters/Housing for Chronically Homeless Individuals**  
*(Item #6, Agenda of June 18, 2019)*  
*Submitted on September 25, 2019*  
This report provides a status update on efforts underway to identify at least one motel in each Service Planning Area with which to enter into a master lease agreement. Also, a cost-benefit analysis of using motels as interim housing and safe parking sites for chronically homeless individuals.  

• **Increased Employment Opportunities for Homeless Individuals**  
*(Item #12, Agenda of June 25, 2019)*  
*Submitted on September 27, 2019*  
This report outlines the steps CEO and partner agencies are taking to assess a variety of incentives that could be offered to County contractors to encourage them to hire people experiencing homelessness.  

• **Innovation Fund for Local Cities Combatting Homelessness**  
*(Item #19, Agenda of September 10, 2019)*  
*Submitted on October 28, 2019*  
This report provides a framework to provide $6.0 million in available Measure H carryover funds from Fiscal Year 2018-19 to Councils of Government (COGs) to support activities that are aligned with Board-approved Homeless Initiative strategies and are consistent with the priority areas outlined in the recent Request for Proposals to support implementation of city homelessness plans.  

• **Storage Pilot Program for Individuals Experiencing Homelessness**  
*(Item #68-A, Agenda of June 4, 2019)*  
*Submitted on November 12, 2019*  
This report provides a status update on the Safe Storage Pilot Program, which explores the feasibility of developing and launching the program in Countywide locations where such programs might reduce public health and safety risks.  
Foster Youth to Independence Initiative for Former Foster Youth
(Item #15, Agenda of August 13, 2019)
Submitted on November 12, 2019
This report provides a status update on collaboration with local public housing authorities eligible to apply for the Tenant Protection Vouchers for Foster Youth to Independent Initiative.
