

CES Access Point Directory

LAHSA

The Coordinated Entry System (CES)

The Coordinated Entry System (CES) facilitates the coordination and management of Los Angeles County's crisis response system's resources that allows users to make data-informed decisions from available information to efficiently and effectively connect people to interventions that will rapidly end their homelessness. **CES ensures that the highest need, most vulnerable households in the community are prioritized for services, and that the housing and supportive services in the system are used as efficiently and effectively as possible.**

Service Planning Areas (SPAs)

Los Angeles County is divided into eight (8) Service Planning Areas (SPAs). Within each SPA, there are multiple Access Points through which a potential or current participant can enroll in or engage with CES. To identify a particular SPA area please see the regional map provided in this directory.

CES Access Point

A Access Point is an entry into CES that allows those experiencing a housing crisis to be engaged and potentially enroll in a crisis response service in the Los Angeles County CES. Access is a function of CES performed by a CES participating agency with the goal of initiating or continuing contact with prospective CES participants, such as creating a record in HMIS or starting the standard assessment process. **Please note, due to limited housing resources, connections to housing resources are dependent on multiple factors including eligibility, availability of resources, and prioritization policies.**

Many Access Point agencies operate multiple programs: the hours and information included on this directory list are specific to hours in which the agencies provide referrals and screening assessments for CES.

CES Lead Agency

Within each SPA, a Lead Agency is designated to manage CES processes and coordination efforts. SPA Lead Agencies can serve as a point of contact for questions about how CES operates, and where to go for assistance within the SPA.

To learn more or determine eligibility for CES, contact an Access Point or Lead Agency within the SPA in which you or the individual seeking services currently reside(s) or stay(s) most frequently.

Service Planning Areas (SPAs)

SPA Key:

SPA 1 - Antelope Valley

SPA 2 - San Fernando & Santa Clarita Valley

SPA 3 - San Gabriel Valley

SPA 4 - Metro Los Angeles

SPA 5 - West Los Angeles

SPA 6 - South Los Angeles

SPA 7 - East Los Angeles

SPA 8 - South Bay/Harbor City
